Rodney Moore, Public Utilities Analyst V

RE:

TUBAC WATER DISTRICT - Report on RUCO's audit of the Arizona-American Water Company filing for an Arsenic Cost Recovery Mechanism (ACRM) Step 1 rate increase for its Tubac

Water District.

AUDIT OBJECTIVE:

The purpose and objective of this audit was to verify the capital expenditures of the recently completed arsenic plant in the Tubac Water District, to verify that the plant is in service, verify compliance with Decision Nos. 71410 and 66400 authorizing the ACRM, and verify the accuracy of the requested ACRM surcharge.

AUDIT PROCEDURES:

I performed the following audit procedures:

- 1) Verified that all schedules that are required by Decision No. 66400 are included in the application.
- Reviewed Earnings Test for compliance, accuracy, and determined if the Company had passed the Earnings Test.
- 3) Reviewed all arsenic plant invoices, looking for such things as misallocations, unreasonable costs, non-arsenic plant costs, double billings etc.
- 4) Verified accuracy of Task Order totals and grand total.
- 5) Reviewed Revenue Requirement calculations for accuracy and compliance.
- 6) Reviewed rate design for compliance with 50/50 requirement, accuracy of calculations, and checked the reasonableness of the billing determinants by comparing to the prior rate case.
- 7) Verified that the Tubac plant was in-service.

Jodi Jerich, Director Dan Pozefsky, Chief Counsel William Rigsby, Acting Chief Accounting and Rates Page 2

AUDIT FINDINGS:

The Tubac Water District ACRM filing is accurate and in compliance with Decision Nos. 71410 and 66400.

AUDIT RECOMMENDATIONS:

RUCO agrees with the Company's ACRM request. RUCO recommended ACRM step 1 rate increases are displayed on attached schedule RUCO ACRM -1.
